Loan Agreement and Application

As a Smith undergraduate or Ada Comstock Scholar who is purchasing personal computer equipment (a computer and/or printer) through the Smith College Computer Store, you can obtain a loan from Smith College. The loan is repaid in installments on a semester basis with students' tuition bill. To obtain a loan, complete this LOAN APPLICATION and return with your completed PURCHASE ORDER FORM.

Faculty and Staff members also qualify for a computer loan and can obtain separate application and sales quote upon request from the Computer Store.

At the time the computer equipment is ordered, a payment at least 15% of the total purchase is due. The student may then borrow up to 85% of the total purchase price for computer equipment from the college. Loans need to be at least \$1,000 and the interest rate is charged at the current Prime Rate. If the student should withdraw from school, the remainder is to be paid in full immediately.

Futher questions about the loan should be addressed to the Smith College Computer Store, Stoddard Hall 22, Northampton, MA, 01063.

My signature below signifies my intention to enter into an agreement to purchase a personal computer and/or a printer as/for a Smith College undergraduate or Ada Comstock Scholar using the Smith College deferred payment plan. *I am enclosing at least 15% payment of the total purchase price.* I understand that the unpaid balance will be due and payable immediately if I withdraw from Smith College. I further understand that the loan will not exceed 85% of my total order.
