

HOUSE COORDINATOR
Co-op Houses (Tenney and Hopkins Houses)
Job Description
2007-2008

OVERVIEW

The House Coordinator (HC) is a member of the administrative staff of the College via the Office of Residence Life and reports to the Area Coordinator (AC) of her/his assigned area. The HC's responsibilities require a combination of managerial and interpersonal skills aimed at developing a house environment in which individual responsibility and respect for differences are fostered and valued. The HC is expected to act as a liaison between the residents of the house and the various service departments of the College; to work cooperatively with other house leadership; to coordinate with the house council on matters of internal governance, if applicable; and to be available regularly to students as a source of information, advice, and help.

The HC's most direct link to the Office of Residence Life is the AC, who meets regularly with the HC to provide information and support. Additionally, the Assistant Director of Residence Life and the Director of Residence Life are available to the HC, as needed.

The HC is encouraged to be involved in other campus activities but may not hold a major College office (e.g. President of the Student Government Association, Chair of the Judicial Board), nor make any commitments to student activities or organizations that would conflict with the responsibilities and time commands of the position. After personal and academic needs, an HC's primary commitment is to her/his house.

The HC is expected to fulfill the following responsibilities:
