

Alan Bernhardt, Ph.D. - Northampton VA

Dr. Bernhardt has served as the Clinical Director of the Northampton Veteran Affairs Medical Center's Substance Abuse Treatment Program for the past five years. He has worked for the VA for the past 15 years during which time he has treated many veterans with PTSD. Beginning in June 2008 he will be starting a new position as outpatient therapist for OEF/OIF veterans. Dr. Bernhardt received his Ph.D. degree in Clinical Psychology in 1974 from the University of Georgia. He has twenty-three years of clinical and nine years of undergraduate teaching experience and nine publications.
