New England is famous for its changing weather, but summers in Northampton are usually warm and sunny, with the occasional rainstorm. Rooms are not air-conditioned, but box fans are provided. You are welcome to bring your own items.

We have a house laundry service that provides clean linens each week. For personal laundry, each house has washers and dryers. Please bring quarters for the machines. It costs $3 total to wash and dry a load. We will provide a generic, unscented brand of laundry detergent, which will be kept in the laundry rooms of each house.

**Smith provides a box fan, sheets, blanket, pillow, towel and washcloth.** At registration and check-in we will also provide each student with a Smith College t-shirt, a key/card lanyard and holder, and a composition notebook.
