

# A Small Needful Fact

by Ross Gay

Is that Eric Garner worked  
for some time for the Parks and Rec.  
Horticultural Department, which means,  
perhaps, that with his very large hands,  
perhaps, in all likelihood,  
he put gently into the earth  
some plants which, most likely,  
some of them, in all likelihood,  
continue to grow, continue  
to do what such plants do, like house  
and feed small and necessary creatures,  
like being pleasant to touch and small,  
like converting sunlight  
into food, like making it easier  
for us to breathe.
