## YOUR CHOICE

#### Your Deductible

Your deductible is the amount of money you pay out-of-pocket each calendar year before you can receive coverage for certain benefits under this plan. The calendar-year deductible begins on January 1 and ends on December 31 of each year. Your deductibles are \$1,700 per individual membership (or \$3,400 per family membership) for in-network services and \$3,400 per individual membership (or \$6,800 per family membership) for out-of-network services. The entire family deductible must be satisfied before benefits are provided for any one member enrolled under a family membership. Any amount applied toward the in-network deductible will also be applied toward the out-of-network deductible (and vice versa).

#### When You Choose Preferred Providers

You receive the highest level of benefits under your health care plan when you obtain covered services from preferred providers. These are called your "in-network" benefits. See the charts for your cost share.

Note: If a preferred provider refers you to another provider for covered services (such as a lab or specialist), make sure the provider is a preferred provider in order to receive benefits at the in-network level. If the provider you use is not a preferred provider, you are still covered, but your benefits, in most situations, will be covered at the out-of-network level, even if the preferred provider refers you.

#### How to Find a Preferred Provider

To find a preferred provider:

- Look up a provider on Find a Doctor at bluecrossma.com/findadoctor. If you need a copy of your directory or help choosing a provider, call the Member Service number on your ID card.
- Visit the Blue Cross Blue Shield of Massachusetts website at bluecrossma.org

#### When You Choose Non-Preferred Providers

You can also obtain covered services from non-preferred providers, but your out-of-pocket costs are higher. These are called your "out-of-network" benefits. See the charts for your cost share.

Payments for out-of-network benefits are based on the Blue Cross Blue Shield allowed charge as defined in your benefit description. You may be responsible for any difference between the allowed charge and the provider's actual billed charge (this is in addition to your deductible and/or your coinsurance).

#### Your Out-of-Pocket Maximum

Your out-of-pocket maximum is the most that you could pay during a calendar year for deductible, copayments, and coinsurance for covered services. Your out-of-pocket maximums are \$3,400 per individual membership (or \$6,800 per family membership) for in-network services and \$6,800 per individual membership (or \$13,600 per family membership) for out-of-network services. The entire family out-of-pocket maximum must be satisfied before any one member enrolled under a family membership receives full benefits. Any amount applied toward the in-network out-of-pocket maximum will also be applied toward the out-of-network out-of-pocket maximum (and vice versa).

#### **Emergency Room Services**

In an emergency, such as a suspected heart attack, stroke, or poisoning, you should go directly to the nearest medical facility or call **911** (or the local emergency phone number). After meeting your in-network deductible, you pay a coinsurance for in-network or out-of-network emergency room services. See the chart for your cost share.

#### Telehealth Services

Telehealth services are covered when the same in–person service would be covered by the health plan and the use of telehealth is appropriate. Your health care provider will work with you to determine if a telehealth visit is medically appropriate for your health care needs or if an in–person visit is required. For a list of telehealth providers, visit the Blue Cross Blue Shield of Massachusetts website at **bluecrossma.org**, consult Find a Doctor, or call the Member Service number on your ID card.

#### **Utilization Review Requirements**

Certain services require pre-approval/prior authorization through Blue Cross Blue Shield of Massachusetts for you to have benefit coverage; this includes non-emergency and non-maternity hospitalization and may include certain outpatient services, therapies, and procedures. You should work with your health care provider to determine if pre-approval is required for any service your provider is suggesting. If your provider, or you, don't get pre-approval when it's required, your benefits will be denied, and you may be fully responsible for payment to the provider of the service. Refer to your benefit description for requirements and the process you should follow for Utilization Review, including Pre-Admission Review, Pre-Service Approval, Concurrent Review and Discharge Planning, and Individual Case Management.

#### **Dependent Benefits**

This plan covers dependents until the end of the calendar month in which they turn age 26, regardless of their financial dependency, student status, or employment status. See your benefit description (and riders, if any) for exact coverage details.

#### **Domestic Partner Coverage**

Domestic partner coverage may be available for eligible dependents. Contact your plan sponsor for more information.
