Important Notes and Disclosures

FYE = June 30. Past performance is not necessarily indicative of future results, and any investment described herein involves the risk of loss. Where there is an opportunity for gain, there is a risk of loss. Clients should compare this report to statements prepared by custodians and fund administrators.

Market values may include estimates, are unaudited, and may be subject to change. Such data are believed to be reliable, Investure, LLC ("Investure") provides no assurance as to its accuracy or completeness, and Investure is under no obligation to update the estimated information included herein. Totals may not sum due to rounding.

Please note that with respect to any information provided herein that is provided to Investure from another fund manager, the presentation of such information in Investure's reporting was not reviewed or approved by the applicable fund manager.

Except as otherwise specified, all return information contained herein includes reinvestments of interest, dividends, and other earnings and is net of underlying manager fees and expenses. In addition, Endowment Pool returns are net of Investure management fees, expenses, and incentive fees (if any). For the current calendar year, Investure incentive fees (if any) are accrued on a one-month lag until the December 31 reporting period, at which time incentive fees are no longer lagged and therefore the full calendar year's incentive fee accrual (if any) is reflected.

Returns through 1/31/2004 were provided by Russell Mellon and have not been confirmed by Investure. Returns for periods less than 12 months are not annualized. Time-weighted returns for private equity are not necessarily indicative of investment performance in drawdown funds.

Any index or benchmark returns mentioned herein are for discussion purposes only. Investure fund holdings and your portfolio's holdings may not resemble the composition, volatility, or risk of any such index or benchmark. There is no guarantee that any Investure fund or your portfolio as a whole will meet or exceed the index or benchmark or that any such index or benchmark is available for investment.
