

Choice 90^{Rx}

Save time and get a three-month supply of maintenance medications at a pharmacy near you.

Members who have Harvard Pilgrim prescription drug coverage can purchase 90-day supplies of maintenance medications at retail pharmacies that participate in MedImpact's Choice90^{Rx} program.

What are maintenance medications?

Generally, these are medications that are taken continually for long-term treatment of chronic conditions. Some examples include:

- Antidepressants
- Asthma/COPD medications
- Cholesterol-lowering drugs
- Diabetes medications
- Estrogen therapies
- Heart medications
- High blood pressure medications
- Oral contraceptives
- Seizure medications
- Thyroid medications

Members will pay three times their applicable cost-sharing amount for a 90-day supply of maintenance medications at participating retail locations.

HOW TO GET STARTED

When you are ready for your next refill, ask your provider for a 90-day prescription and bring it to a participating retail pharmacy of your choice. Most of our current participating pharmacies participate in Choice90^{Rx}. Visit www.harvardpilgrim.org/rx to find a participating Choice90^{Rx} pharmacy near you. Scroll down to "Where to buy medications" and click "Use the pharmacy locator."
