What is online will preparation? Liberty Mutual Insurance* offers online will preparation services to complement employee life insurance coverage. These services provide a secure and convenient way to create a legally binding, state-specific will and other personal legal documents online.

Online will preparation services offer a convenient way to document final wishes, such as:

- Naming beneficiaries to inherit property
- Naming a guardian to care for minor children

Online will preparation is straightforward:

- Create, save, and print a legally binding will that employees can change at any time.
- Detailed instructions and definitions guide employees through the process.
- All personal legal forms and documents are stored on a secure server and are only accessible via a password.
