

NIH Principal Investigator (PI) Assurance Certification For Grant Applications, Progress Reports, and Prior Approval Requests

On April 7, 2006, the National Institutes of Health (NIH) announced a change regarding the signature of the Principal Investigator (PI) as part of applications, post-submission information, progress reports, and post-award prior approval requests (see <http://grants.nih.gov/grants/guide/notice-files/NOT-OD-06-054.html>).

This change is effective for all competing applications submitted to NIH on May 10, 2006 and thereafter. When multiple PIs are proposed in an application, this assurance must be retained for each named investigator.

Please complete the following:

Project Title:

Select One:

- Grant Application
- Progress Report
- Prior Approval Request

I hereby certify that the information contained in the grant application, progress report, or prior approval request is true, complete, and accurate to the best of my knowledge.

I understand that any false, fictitious, or fraudulent statements or claims may subject me to criminal, civil, or administrative penalties.

I accept responsibility for the scientific conduct of the project and agree to provide the required progress reports if a grant is awarded as a result of this application.
