HSEC Training

- Each house must have at least 1 trained HSEC to host registered events (they can have more than 1 trained person).
- The training lasts the full academic year UNLESS an HSEC wants to “upgrade” their training to include Registered House Parties.
- Houses will need to decide at the beginning of each semester if they want to host events with amplified sound and/or alcohol and/or outside guests (10 or more). Based on this decision, HSECs will choose **one** of two training options:

 - Registered House Party training (events that have one of the follow characteristics (alcohol, 10 or more outside guests, amplified sound).
